Professional Experience

BNI Sekuritas / Investment Banking & Securities. Indonesia's leading securities firm.

Indonesia

IT Business Analyst

Jan 2025 – Dec 2025

- Led requirements elicitation for BIONS multi-investment platform (stocks, mutual funds, bonds), reducing delivery time by 30% through comprehensive FRD/TSD documentation aligned with OJK and IDX regulatory compliance standards.
- Conducted gap analysis on back-office trading workflows, reducing manual reconciliation by 30% and ensuring 100% IDX transaction reporting compliance through BPMN process mapping and stakeholder alignment.
- Managed 150+ user stories in JIRA for platform enhancements using Agile/Scrum methodology, increasing team velocity by 25% and delivering 10 critical features on-time in Q3 2025.
- Executed SQL validation on PostgreSQL trade routing logic, improving data accuracy by 25% and reducing processing errors by 40 incidents per month through systematic query optimization.

KOLTIVA / Series B-funded Agritech startup (\$50M+ raised). Digital supply chain solutions.

Indonesia

Lead Business Analyst & Requirements

Nov 2022 – Dec 2024

- Spearheaded KoltiPay digital wallet integration with Artajasa payment gateway, reducing operational costs by 40% through streamlined farmer lending workflows documented in comprehensive BRD/FRD with API integration strategy.
- Managed 200+ user stories in JIRA across 6 sprints, led UAT achieving 98% first-time go-live success rate, and trained 50+ field officers on platform features using structured training documentation.
- Designed data flow analysis between KoltiPay and Artajasa gateway, reducing transaction failures by 35% for 15,000+ agricultural cooperative members through optimized API integration patterns.

First Discovery / Software House serving banking & insurance sectors.

Indonesia

Business Analyst

Jul 2020 – Oct 2022

- Delivered business analysis services for banking and insurance clients, reducing requirement defects by 40% across 10+ enterprise features through rigorous RTM (Requirements Traceability Matrix) and stakeholder management.
- Led Bank Mandiri mobile banking requirements, translating OJK KYC compliance into 80+ user stories with zero critical UAT defects, resulting in successful regulatory audit and platform approval.

ZKTeco Indonesia / Security Solutions Provider

Indonesia

Business Analyst

May 2017 – Jun 2020

- Analyzed requirements for 15+ biometric access control releases for Bank Mandiri (5 branches) and Bursa Efek Indonesia, defining API specifications that reduced unauthorized access by 85% and enabled 99.9% system uptime for 200+ daily traders.
